Dear Donovan;

Following the review of your IRB application, it has been determined that the nature of your project, titled "Survey of Student Nurses of Etiologies for Antibiotic Resistance", makes it exempt from IRB review and you can proceed with your research.

If you have any questions, please contact me at [ahansen@carroll.edu](mailto:ahansen@carroll.edu) or 406-447-5401. Good luck with your research!

Sincerely,

Alan Hansen, PhD  
IRB Chair  
Communications
